

PINA

Pina ^{PRO}

The lamp that took over New York and the world, the Pina Pro is our most popular cordless lamp. A touch control located on the base of the lamp allows switching on/off, dimming, and 3-CCT color-temperature selection: 2200K (candlelight), 2700K (warm white), and 3000K (cool white). Pina is designed for indoor/outdoor use (except premium finishes, which may not be left outdoors). The integrated LED module is designed to produce a controlled wide circle of downlight. The Pina table lamp can be accessorized with a floor stand, available on page 84.

Pina L + Pina XXL ^{PRO}

^{NEW}

Introducing the Expanded Pina Collection: Pina L Desk & Pina XXL Floor. Zafferano proudly presents two striking new additions to the iconic Pina collection. The Pina L Desk and Pina XXL Floor bring a bold, amplified presence to the unmistakable silhouette, while maintaining the signature contact charging and touch controls for on/off, dimming, and color temperature selection. Available in four sophisticated satin and metallic finishes: White, Titanium, Gold, and Bronze.

PINA

Pina^{PRO}

Floor Stand

A special floor stand that turns the Pina Pro Table lamp into a floor or garden lamp. The bottom section of the stand can be mounted in three configurations: using the base only, using the peg only, or using both peg and base to increase stability in lawn or garden areas. The lamp fits exactly into the tray of the stand for easy removal. The floor stand does not charge the lamp.
